## THE SEXY SIDE OF PETER SELLERS

**A** SINGLE PHRASE SIGNED by the title character sums up the message in *Hoffman*, Alvin Rakoff's forgotten fantasy of frustrated fornication: "Hope never dies in a man with a good dirty mind." Here is a story of a hopelessly romantic rogue, a smut-savvy Brit with a heart of gold, who has forced the girl of his dreams to endure his unsettling seductions for a solid week.

Secretary Janet Smith (Sinéad Cusack) is engaged to be wed to a mop-headed mamma's boy when her ignored co-worker Benjamin Hoffman (Peter Sellers) discovers that Tom, the naughty nitwit, has been selling cigarette delivery information to black marketeers. In exchange for his silence, Miss Smith must spend a week alone with Hoffman in his London flat, where

he is to have "full use." In case you were unclear about how the daft old drunk intends to use his haplessly horrified catch, Hoffman sets things out in the open immediately upon Miss Smith's arrival at his door: "You are here to be two legs, two arms, a face, and what fits in the middle. Do you understand?"

Miss Smith, of course, immediately expects a bout of sordid sex with the practiced pervert, but old man Hoffman won't allow himself to be crushed between those charming Irish thighs quite so easily; he commands her to bed, takes a sleeping pill, rolls over and falls asleep. The next three days are harmlessly domestic: Hoffman patches Miss Smith's blistered ankle after a brisk country walk; he takes her to the butcher and smiles serenely as

she stands somehow shamefully under a rack of raw beef curtains; he teaches her to pound her chopsticks on his grand piano. Hoffman may have started the week by whispering things like "Please make yourself look as though you want to be fertilized" to his victim through the bathroom door, but after a few days of mutually mounting frustration, our lecherous limey is reduced to pitiful pronunciations like "And I love you. I adore you. I worship every inch of your idiot body. Your hair, your teeth, your being a girl."

Of course, Miss Smith can't help herself either. When Hoffman exposes their agreement to her foolish fop of a fiancé, the pusillanimous prig runs to his dear old mum for help. Both the boy and his mommy send the girl back to her sex-starved satyr, hoping that

Mr. Sellers was certainly up to practicing some *strangelove* when his case of blue-balls for the ever enchanting Miss Janet Smith (Sinéad Cusack) turned into blackmail in order to please his *pink panther*. One has to root for this maniac *Mandrake*, all while Miss Smith has us asking *What's New, Pussycat!*

she'll find a way to protect the daft dolt from Hoffman's promise to send the sissy to prison. Repelled by Tom's selfishness, she runs to Hoffman's arms and he finally shows her that hope is not the only thing that springs eternal in a man with a good dirty mind.

Anyone who studies the film's unfolding will find a fantastic four-point plan for seduction that is sure to land any geriatric gallant the long-legged Lolita of his choice. First, put your pert little princess in a position where she'll have to acknowledge your infatuation, and unfold your intentions. Hoffman has some suggestions: "I want to eat you. I want to consume you. I want to lick your knees." What naïve nymphet wouldn't get wet in the face of such obscene honesty, such restrained and respectful raunch?

Next, let her know that you think of her as more than the meat under which she stands. Three nights into their amorous engagement, as he drifts off to another sex-starved slumber, Hoffman mumbles, "You must never become a person, Miss Smith. That would be... unendurable." For her part, of course, she smiles, suddenly sure of her own authority over the well-mannered everyman.

But our Hoffman is not to be outdone. Step three: reverse the roles, play hard to get. Once the woman wiggles her way out of her manly jammies, Hoffman leaps out of bed and reaches for his bathrobe. While it would be easy to enfold the buxom belle in his experienced embrace, this manipulative maestro refuses to let himself be the object of pity. He is no charity case,

looking for a fast fuck before his fantasy woman runs back to her crime-committing clown.

Thus, the seductive step four: leave the girl abandoned not to your will, but to her own desires; expose her to her own dissatisfaction and leave the final choice to her. If she stays with the Suffolk simpleton, then she was never worth the trouble. If she runs to your flat and kisses your scotch-drowned lips as you stand disheveled in your wrinkled robe, then the innocent Irish siren is yours forever. This is why "hope never dies in a man with a good dirty mind." This gem of a classic lays bare the simplest truth of love: all you need is an adamant appreciation for the pleasures of the flesh, and the romance is sure to follow. Let your head come first, and you'll never disappoint your heart's desire.

# A Tribute to Anna Nicole

NOVEMBER 28, 1967 – FEBRUARY 8, 2007

BY SUNNY RAY

I'm sick of being accused of gold-digging. It just so happens I get turned on by liver spots.

-ANNA NICOLE SMITH

**ANNANICOLESMITH** is perhaps the only celebrity capable of generating more media coverage than bonkers Britney Spears, even after she took her last breath. In fact, her death has been the hot topic on more news programs, magazines and newspapers than both of the former U.S. presidents who have died in the last three years put together. While some people might think that this signifies the demise of American values, one might say that Anna Nicole would feel her mission had been accomplished.

After turning the world upside-down one last time with her outlandish lifestyle, she may finally be able to rest in peace—without any painkillers. A lot of people criticized Anna for being a ditz gold digger who was pretty much useless; but when taking a step back and reevaluating the circumstances of her life, it is hard not to admit that what she accomplished is nothing short of amazing. For someone who came from nothing, she certainly managed to turn her life around.

She had below average looks and double-A's in the beginning of her adult life. But she was so sexy by the end that, despite being dead for two weeks, everyone still fought over her body! Anna dropped out of high school and got pregnant as a teenager, yet she still managed to overcome her trailer-park, no-name birthright to become incredibly famous and wealthy. Not many people can top that.

When she married 89-year-old J. Howard Marshal, the moral majority believed she merely wanted to get her hands on his millions, but Anna defended their love to the end. "I'm sick of being accused of gold-digging. It just so happens I get turned on by liver spots," the busty blond was quoted as saying. Perhaps it was the truth. After all, there wasn't much that didn't turn Anna on.

After J. Howard Marshal's death, Anna went on to, not only star in, but produce, write and direct her first film called *Anna Nicole: Her Fantasies Revealed*. While many people felt that she shot this video before the appropriate mourning period for a non-gold digger was up, at the same time, it proved what a total freak in the sheets she was. The pseudo-porn follows Anna on a personal, real-life tour of her day-to-day activities. It features her getting down and dirty with herself in a bubble bath before her French maid comes in to clean up her act. It is uncertain how much cleaning went on, but the maid definitely came... And that's the important thing.

It may have seemed that most of the time the joke was always on Anna, but in reality she had the heart—and the gorgeous titties—to stun and titillate us with her relentless zest for life.

It was Anna Nicole's massive mamms that made her famous, and she never seemed to miss an opportunity to pop those punching bags out and show the entire world what she was made of. The only thing in her life bigger than those famous fun-bags was her outrageously wacky personality.

In the movie, Anna's personal chef also gets a piece of the action, which proves that she was up for any and everyone, including possibly a 90-year-old man. Another one of Anna's directionless-directorial DVDs stars hot porn actresses Hannah Harper and Mercedes, which she cleverly titled: *Anna Nicole Does Hannah Harper and Mercedes*. She had a vision for this western film that some of the top names in adult videos tipped their hats to. As a finale, she decided it would be sexy to dump gallons of milk from one of the horse's water buckets all over Miss Harper. The shot turned out pretty hot proving once again that, when it comes to sex, Anna knows what she's talking about.

While creating porn was Anna's specialty, let's not forget the other movies that she graced with her presence. She played Za-Za in *The*

*Hudsucker Proxy* (1994), and she even won a Razzie Award in 1995 for her role in *Naked Gun 33 1/3: The Final Insult* as "Worst New Star." Regardless of any criticisms, Anna always managed to keep her sense of humor and even poke fun at herself without shame. In her last film, *Illegal Aliens* (2007), in which she not only invested her own money, but also took part in the scripting of her role, she plays a super-hot, yet not-so-bright, alien babe who arrives on Earth to protect it from intergalactic evil. The theme may sound idiotic, but with the single line "who do I have to screw to get off this movie," she redeems her image by showing that she knows she's America's favorite celluloid slut and that the movie really is stupid.

In 2003, Anna won the Teen Choice Award as the female "Choice TV Reality/Variety Star," for her reality sitcom *The Anna Nicole Show*. This was an embarrassing yet brazen TV show, which she agreed to do during the

unquestionably fattest period in her career. The show definitely screamed "Fuck you, America. I'm fat and fucked up and I'm not apologizing. But you'll love me anyway!" And according to the ratings, we all did.

When Anna wasn't acting in B-rated movies or amusing us with her reality sitcom, she still managed to entertain the public by merely making outlandish public appearances. In fact, some of the most memorable Anna experiences occurred when she was just being her crazy, larger-than-life, drug-induced self. Who can forget the 2004 American Music Awards when she got escorted off-stage after rubbing her chest and asking the audience if they liked her body. Or the 2005 MTV Awards when she pulled her dress down to her waist to expose those delicious double-D's before turning around to tease the audience with that sexy, little g-string she wore. Singer John Daniels, who she was presenting the "video of the year" award to, certainly wasn't complaining when she jumped on him and wrapped her legs around his waist—and neither was the viewing public.

Throughout her life Anna faced a lot of struggles: her struggle with money, with lawsuits, with her weight and most of all, with her struggle to speak without slurring; yet she still managed to gain an above-average place for herself in this cold, hard world. So whether you loved her or hated her, you still have to have a little respect for Anna Nicole Smith.

**MAY SHE REST IN PEACE.**

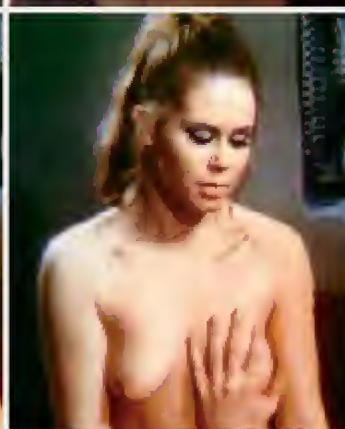

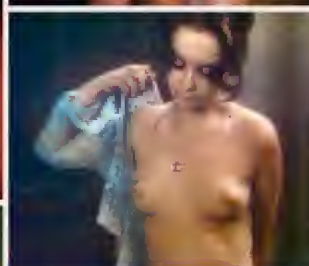

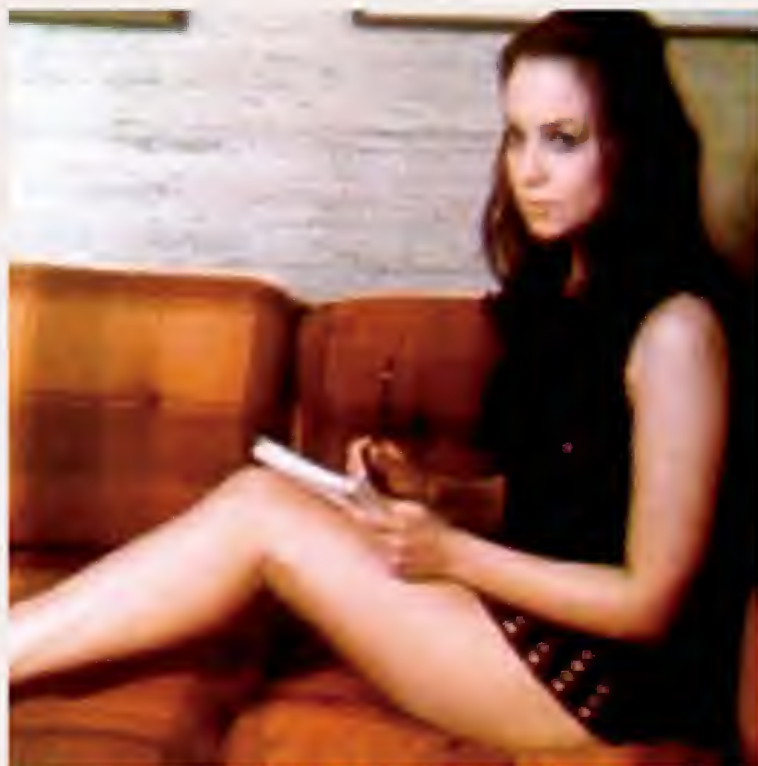

# The Seduction of Inga

In 1967, flesh-flick director Joe Sarno unleashed the erotic masterpiece *Inga* on the world. The film starred the Swedish sexbomb Marie Liljedahl and ignited a firestorm of public controversy and private masturbation. Two years later, Sarno followed up his prurient pastiche with a sequel, *The Seduction of Inga* (1969), which picks up where its peter-meter predecessor left off. Young Inga's boyfriend leaves her, which leaves a hole in Inga's hole that won't be vacant long! Inga shags Rolf, a young musician, and Stig, an older writer. But while trying to choose between the two men, a sexy babe named Greta arrives and awakens a latent lesbo-lust in Inga. What's a girl to do?

Though unreleased in the USA until 1971, when it was finally dubbed into English, *The Seduction of Inga* didn't lose much in the translation—thanks to Marie Liljedahl's ubiquitous nudity.

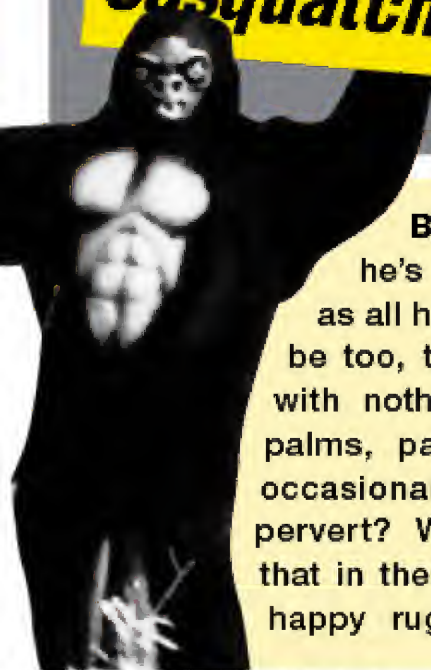

Whether in color or black & white, Marie's nude body is out of sight! Even during those rare moments when Ms. Lilljedahl isn't having hereto or lesbo sex, this flick offers more costume changes than a Cher concert!

# BIG FEET AND BIG MEAT!

*In Search of:  
Sasquatch Skin*

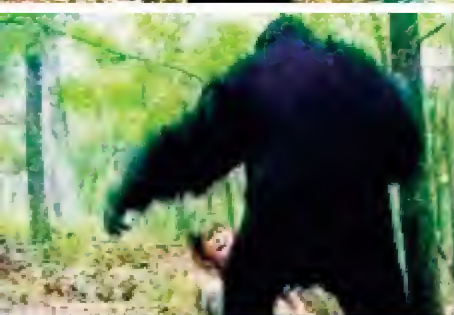

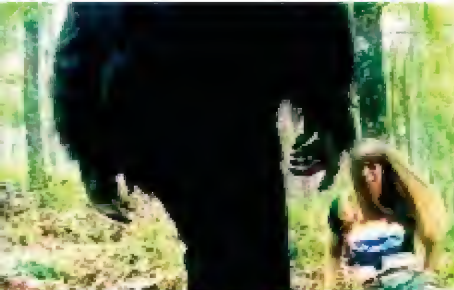

BY ROB HAUSCHILD

**BIGFOOT.** He's huge, he's hairy, and he's horny as all hell. Why, wouldn't you be too, trapped in the woods with nothing but your hirsute palms, park rangers and the occasional banjo-pluckin' pervert? Who would've thunk that in the fall of 1967 that two happy rugged horse backers,

armed with a 16mm camera and lotsa luck, would capture some of the most debated film in history and put Sasquatch on the map. And despite claims that the "he" on film is actually a "she," the producers of these Bigfoot movies wanted to stick to the more traditional theory that only one thing gets the Big Guy's big feet moving—and that's young, tender flesh. And you all know what they say about big feet...

## SEARCH FOR THE BEAST

That horny hairster is at it again, this time in the woods of bumfuck, USA, stealing off with every necked nubile in sight, and locking up his collection of corn-fed cuties and trailer park twits in a barn, only to be thwarted by the usual rogue's gallery of do-gooders and butt-in bumpkins. But not before there is more tits and ass to shake your prick at on screen (virtually every vixen takes off a top or bottom – or both), and a cameo by old school master of mammaries David L. Freeman, which for this homemade tale of Buff Creek Bigfootry, is the ultimate seal of skin approval.

## BEAUTIES AND THE BEAST

Pornography is usually the first thing to happen when a new industry crops up, and that's exactly what the blunder heads behind this debacle must've been thinking between bong hits and Buddhist retreats in the face of Bigfoot, Inc. When a new species is discovered, who doesn't imagine what the creature's sex life must be like? *Beauties and the Beast* has that all worked, and wanked, out. And what it lacks entirely in plot, it makes up for in a forest-full of furburgers and

bra-free fun. This softcore slime fest has it all: cheesy "expert" narration, horny hippy guys and gals wandering in the woods to wanderlust, and a flea-bitten Bigfoot get-up that is an insult to fleas everywhere. But the Big One manages to scoop up every scantily clad cutie in site for capture, caging and copulating, clearing a path for soft core stalwarts Uschi Digard and Sharon Kelly to give us plenty of mountain and underbrush on the trail of tail.

## NIGHT OF THE DEMON

If Bigfoot has a checkered past, then *Night of the Demon* is his trashy TV Movie of the week. With equal parts outrageous gore and out-of-the-shirt body parts, this Bigfoot has a big grudge on boisterously boffing boys and girls – and exacts his backwoods justice on every set of jugs in sight. It's Harry and the Hendersons meets Friday the 13th when Sasquatch slices and dices through a cast of otherwise blissfully bed down teens; ripping shirtless sluts out of rocking vans, tearing limbs off libido-baked bikers, and having his horny way with any honey that can handle the big hairy one. By far the sickest and most skin-heavy in Bigfoot's resume of raunchy, *Night of the Demon* is a naughty, nasty nightmare of naked nubles and blood-soaked flesh that makes the hockey-masked one's adventures look like a camp cookout in comparison.

## PERVERTED STORIES #35

Director Jim Powers, the man who brought us *Alpine Affairs* and its flesh-yearning Yeti strikes yet again with another Bigfoot-themed dirty ditty. This time around Powers pulls his directing pud in the woods to produce some XXX woodies. And while Sasquatch may have had to take all the loving he's had in previous endeavors, this time, one little taste of the Big Man's goods and the girls are pulling their hair out to hanker up next to the amorous monkey-man, including perpetual perky porn starlet Taylor Lynn.

## ABOMINABLE

Sure, Sasquatch has seen his share of bare-assed beauties bouncing and bopping in the woods, but until now, the objects of his sexed-up affections haven't always guaranteed instant erections. That was until Bigfoot got a heaping helping of horror-flick hot stuff Tiffany Shepis, whose tiny, tight bod gives the big guy a run for his ratty suit in this horror/action fest. Amidst a great B-movie cast, Shepis schleps out the saving graces for a sinful, soapy shower scene that's enjoyed by some peeping Toms across the woods. But Bigfoot gets himself a front row seat for all the wet wares, and grabs himself a hearty handful of her hard, heart-shaped ass and tender tiffany headlamps.

## APE CANYON

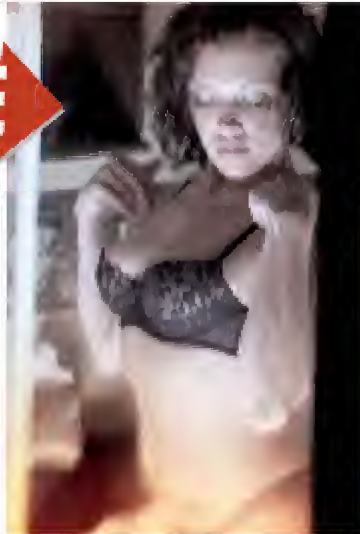

When it comes to the hyper-hormoned hairy one on a ram-it-all rampage – Ape Canyon scores for sheer salaciousness. Problem is, no one takes their clothes off – 'Squatch merely dry humps a hottie then hightails it to his next fully clothed frolic. It would seem only fair that these wood nymphs shed to the skin, considering Sasquatch has to walk around in his birthday suit day and night. Regardless, Big Bigfoot manages to get his Little Bigfoot in trouble anyway – groping and grabbing and glopping on every warm-blooded bombshell within claws reach, just not with all the skinful sights you'd expect.

## ALPINE AFFAIRS

Nothing like a little getaway weekend at the chalet for some couples-only rest and relaxation (read: sex). Such is the plot of every ski-slope set porno flick...just not this one. Little do these siliconed ski bunnies and perfectly-polished peckers know but there is a hairy beast in their midst – and no, it's not Ron Jeremy – a Yeti has found his way to Northern California to spy on the sexual behavior of his copulating cousin, the human ape. And with 90's XXX power pumpers and haute humpers like Fallon and Heather Lee on hand as sexy test subjects, you know this Yeti gets an education, and a really big carrot on his snowman.

## THE GEEK

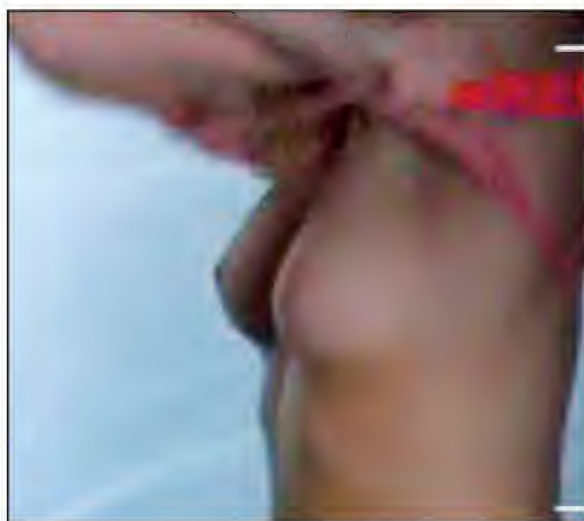

Sasquatch has dabbled in some soft core and plenty of gore, so it's only fair that this horned-up hair-shirter get to some real humping and honey hugging. And The Geek is surely a tall skin skeleton in Bigfoot's, and the casts, closet. Thankfully, it's just a sinful sliver of classic porno history that hasn't seen much life outside the woods of obscurity. A full-blown XXX excursion into the passion of Bigfoot, and a true test of your eyesight – once the hairy beast begins the banging with this B-list of unshaven woodland hippy wenches, you won't know where they end and Bigfoot begins!

# CLAWED: THE LEGEND OF SASQUATCH

Clawed just seemed to have the perfect combination of sex and gore goodies going for it: a huddle of hot teens with a case of the hornies camping in the woods, a gang of redneck rabble-rousers with loaded weapons, a sheriff who knows a little too much, and an on-the-loose Bigfoot with a grudge. Alas, even the best intentions don't always get guns firing or panties dropping. But at least Bigfoot and the viewers share this: a loving, long glimpse of scream queen to be Holli Day prancing around the woods in her bra and panties looking for a place to park her woodland wonder buns for a tinkle.

## SASQUATCH

Bigfoot was due for some serious treatment eventually, and that's just what the medicine man ordered with this action-adventure fest that manages to squeeze in a couple of breasts to boot. A crack team of explorer-types takes to the woods in search of downed plane carrying a secret weapon and an industrialist's daughter. Bigfoot catches wind of the trespassers and turns the tables on the crew. Chaos and mayhem ensue. But we're all not screwed, some tits and ass unfold in the woods when a taught and tangy body-double stands in for Canuk cutie Andrea Roth's morning beans and bacon.

## BIGFOOT AT HOLLER CREEK

Holla at your hairy one! The Appalachian Mountains are the setting for an all-out swinging and Sasquatch gore showdown when a gang of super-charged sex fiends descends on the beasts' territory, and all hair-raising hell and horniness breaks loose! Following scene after sex-driven scene of boob and breast-baring action, the FX staff kicks into full gear and paints the forest red with the blood of the sexually promiscuous, weaving a strange and rare romp that's second to none in the annals of tit and ass Bigfoot exploitation.

## NIGHT OF THE HOWLING BEAST

Hey, there are Bigfoots (Bigfeets?) in Europe too, ya know? This Spanish entry in Sasquatchian sex sinema features very little of the beast we call Bigfoot, choosing to spend it's time with that old bore the werewolf, hence why he gets his name in the title. But howls can be had nonetheless in the form of full

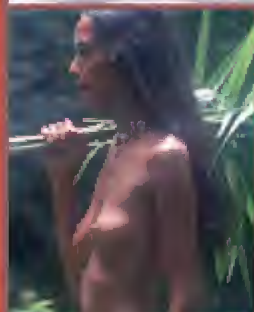

frontal favorite and all around unzip your Spanish Fly girl Verónica Mirel. Ronnie is no stranger to slipping down to the skin essentials, even for this: a double-teaming from a couple of fully follicled furbags. But one look at her own overgrown Oregon down below and you'll see why she's in good company.

# Private Collections

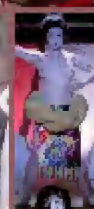

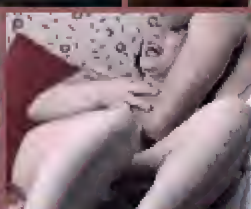

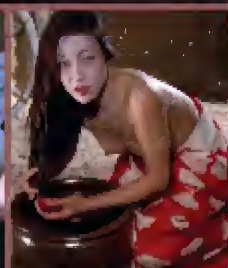

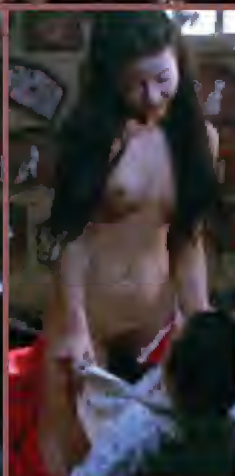

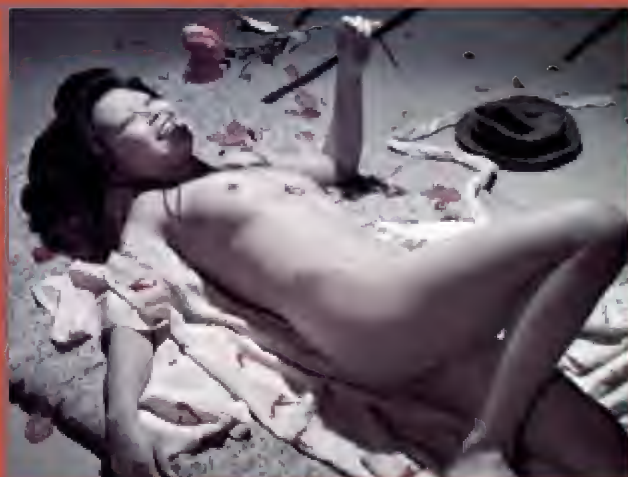

There are very few collaborative collections that bring together three of the most *tail-ented* erotic directors the world over—let alone three films in one so jam-packed with continental cooch. *Private Collections* is all this and more. In 1979, legendary French-fornicator Just Jaecklin, Japanese-pleaser Shugi Terayama, and the Polish-*po-ler* Walerian Borowczyk *came* together to create a three-pronged package that chronicles epic erotic tales to blow your linguistic-load. Jaecklin tells the story of a castaway sailor who finds himself surrounded by naked nubian natives, led by the luscious Laura Gemser (from the *Black Emanuelle* films). Terayama's tantalizing tale speaks of a sordid seduction of young boy by a very moist, and very mad woman. Finally Borowczyk buries our boner deep into a full-blown lusty liaison between a Parisian gentlemen and a prostitute that ends with a sexual surprise worth pacing your phallic-pounding. This is one *collection* solely meant to please your *private* parts!

In Just Jaecklin's *L'île Aux Sirénes*, a shipwrecked sailor lands a foreign shore where the wel-cum-ing party offers the castaway all the sex he can handle. That is, until he's invited to dinner—where they intend to have him for dinner.

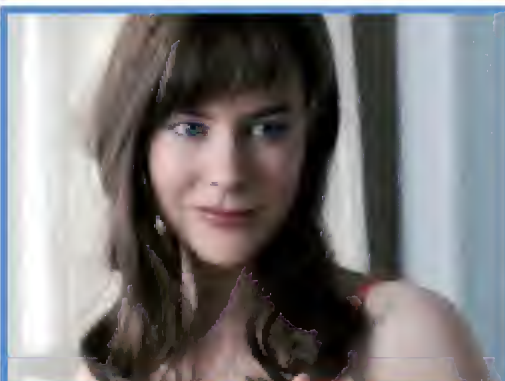

*In Terayama's Kusa-Melkyu (above), the temptress is insane—insanely horny! In Bororowczyk's L'Armoire (below), the prostitute has mad love for men and muff alike. Don't worry about any language barriers; everyone speaks in tongues!*

# FRESH FLESH

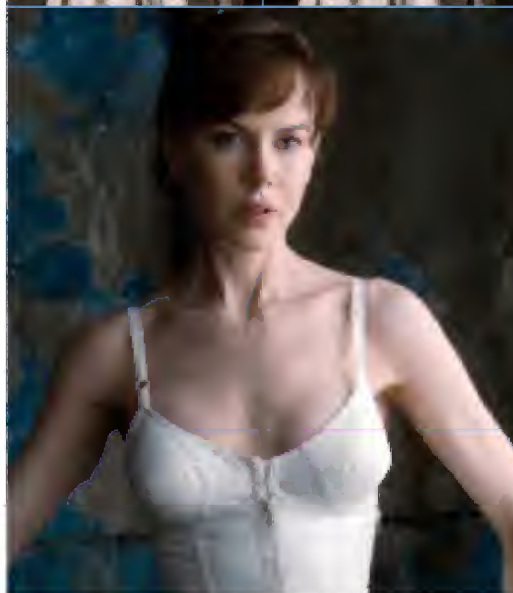

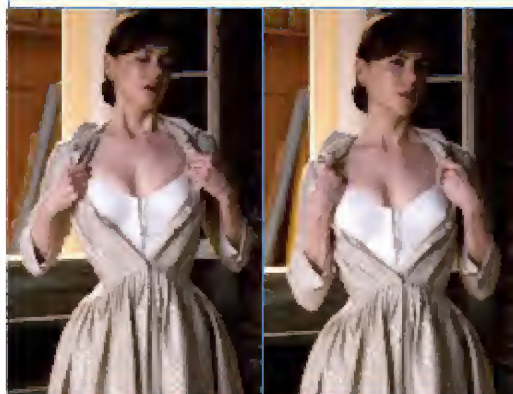

Before we kick off any of our special sections, we know you want the newest nudes and most up-to-the-minute mamms! That's why we're dishing you our Fresh Flesh!

**NICOLE  
KIDMAN**

**BORN:** June 20, 1967, Honolulu, HA

**SEXY SIGHTINGS:** Although she didn't show us any frontal *Fur* (2006, column and this page top), in her "imaginary" portrayal of photographer Diane Arbus, Nicole did have us popping off to shots of her ass as she focused in on Robert Downey Jr.'s hairy monster. It's the same backside that had us as hard as a *Ku-brick* in the endlessly erotic *Eyes Wide Shut* (1999, bottom and opposite).

**TOMKIDDYKAT:** Though each of these Hollywood heavyweights scored their biggest box-office successes after going their separate ways, Nicole and Tom Cruise never scored more poon points than they did together in *Eyes Wide Shut*!

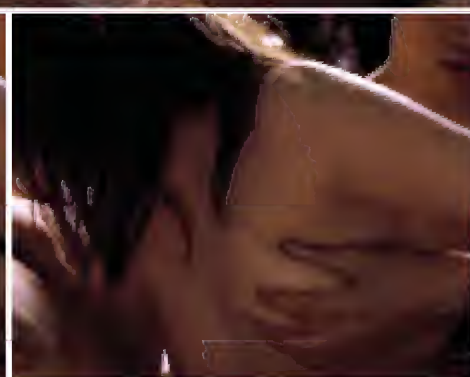

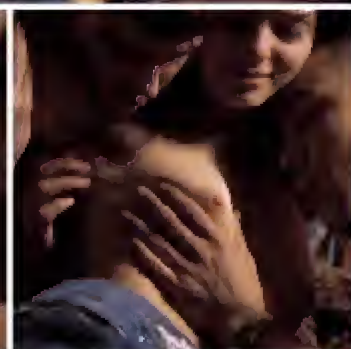

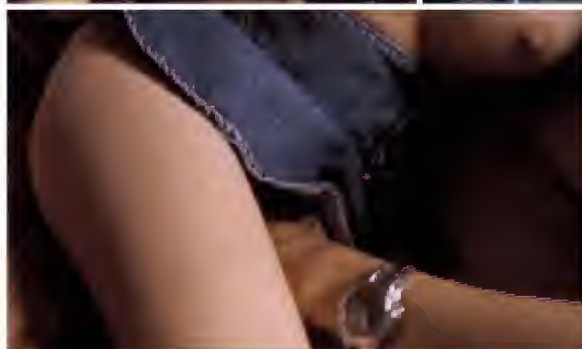

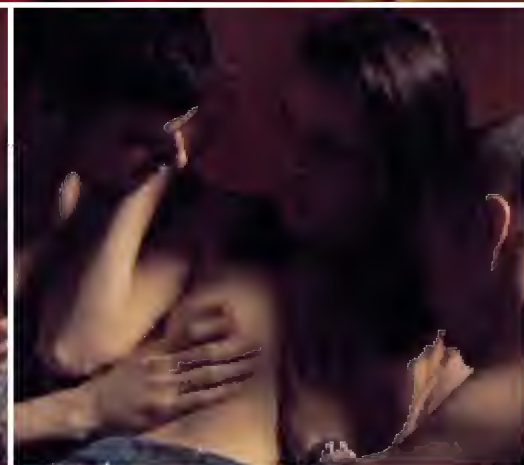

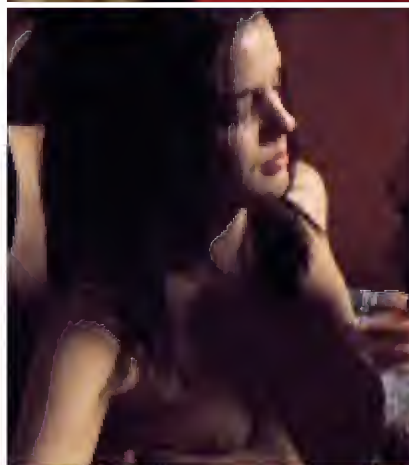

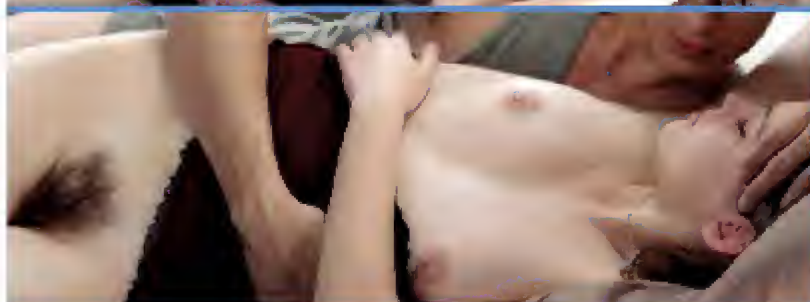

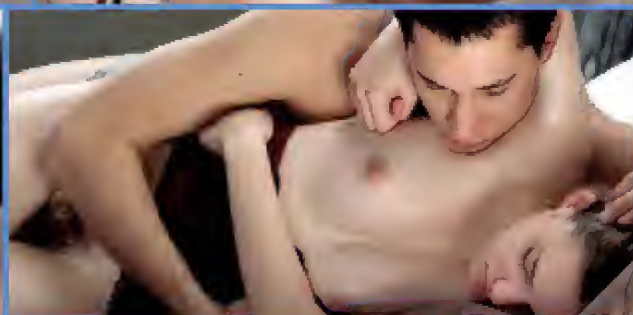

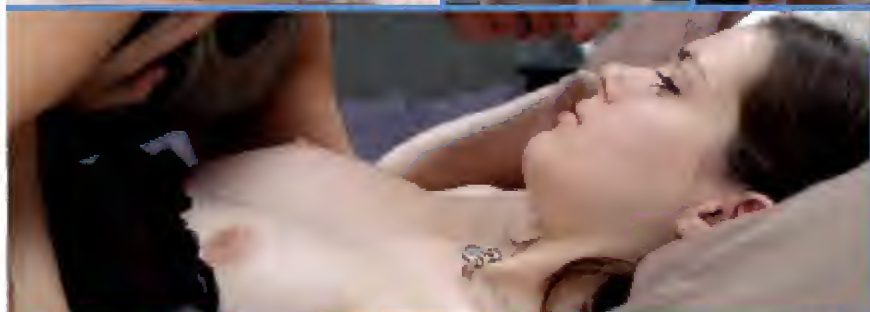

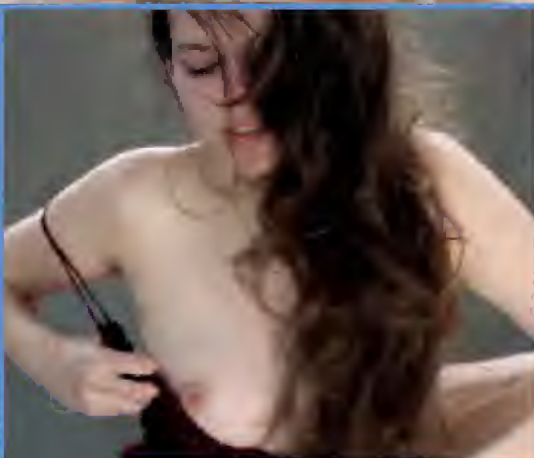

## ROXANE MESQUIDA

**BORN:** October 1, 1981, Marseille, France

**SEXY SIGHTINGS:** Roxane's latest flick to stick its carnal claws into U.S. shores is *Sheitan* (2006, this page), a satanic romp that showed off her sizzling rump. When we said "you don't have wear that dress tonight," she agreed with ample nudity in *Fat Girl* (2001, opposite top column). Although *Sex is Comedy* (2002, opposite bottom) for Roxane, for the rest of us, it's wishful thinking.

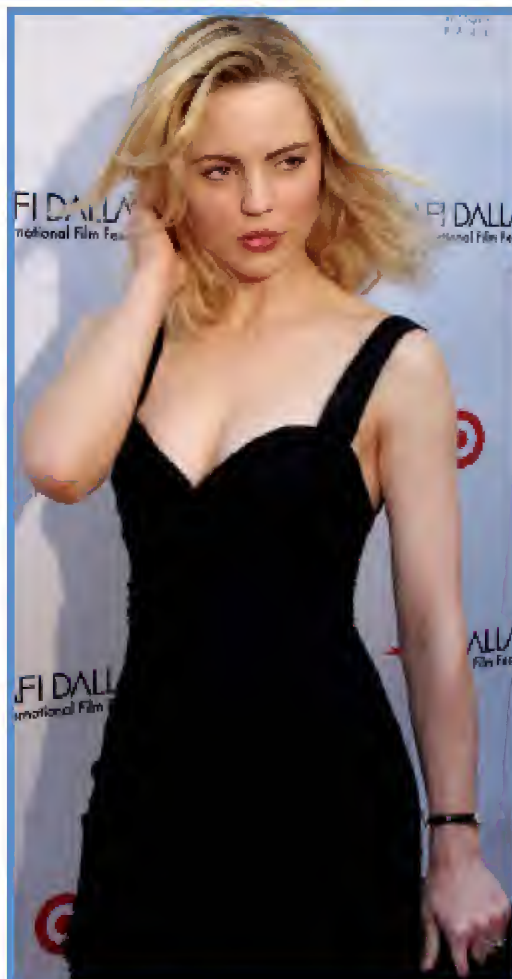

**THE POLE-ICE:** If we formed a cover band consisting of bare naked babes, we'd have Roxane back up our lead slinger. Her beautiful bush would be the Stewart Grope-land to our stiff-Sting. Our first single: "Walking on the poon!"

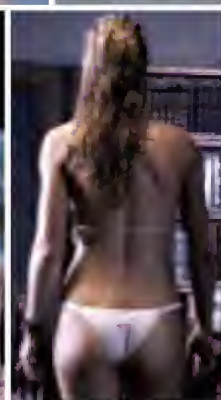

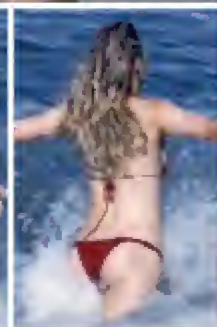

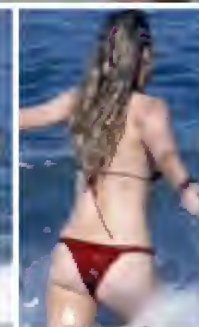

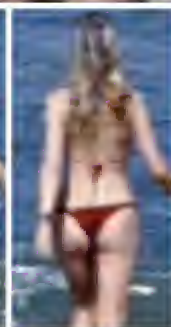

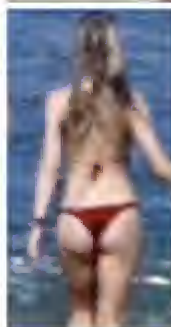

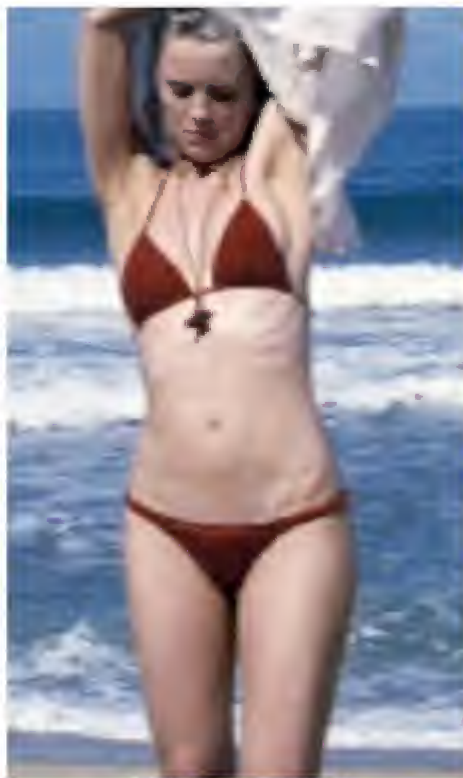

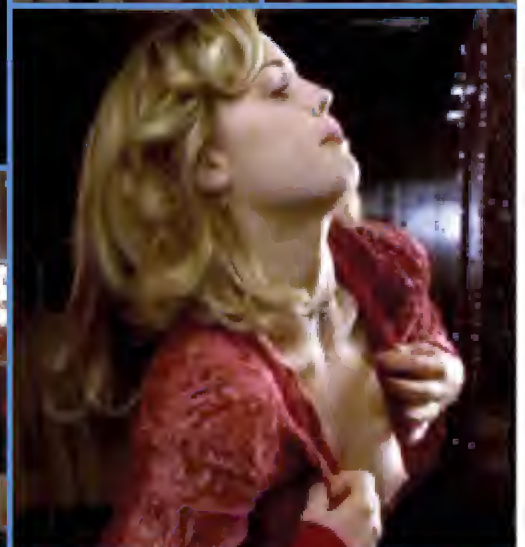

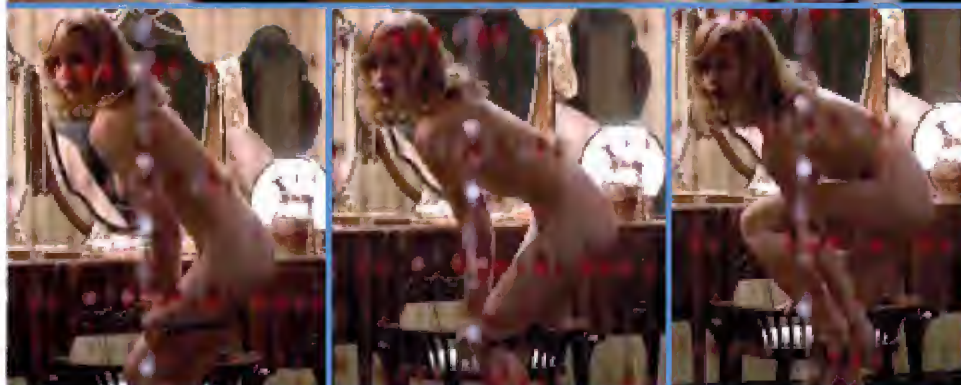

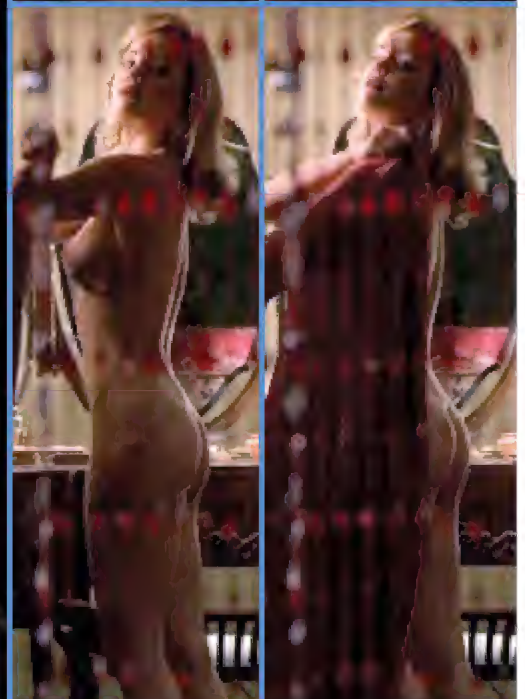

## MELISSA GEORGE

**BORN:** August 6, 1976, Perth, Australia

**SEXY SIGHTINGS:** Ms. George hid her awe-inspiring Aussie gourds in a tight bikini top in *Turistas* (2006, this page), but her body showed that the film's medical-black-market ring was stealing all the wrong organs! In her *Dark City* (1998, opposite page) days, Melissa shed light on her *not-so-dark* titties! This sci-fi pic thrust our trouser missile into a full blown bout of science *friction*!

**STARK TITTY:** Her naughty presence in *Dark City* had all the leading men pleading for more of Melissa's mounds. Rufus Sewell swelled, William Hurt was ready to spurt, and even Kiefer was sporting a beeper in his Suther-hand!

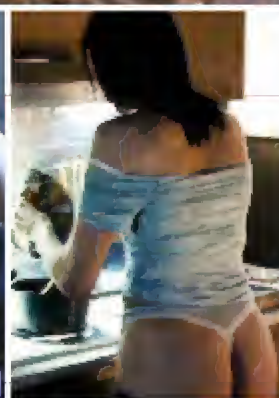

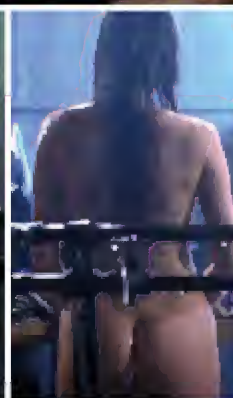

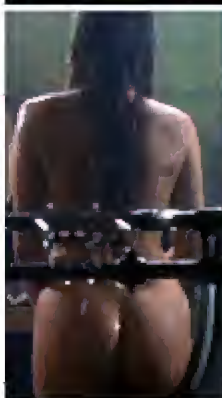

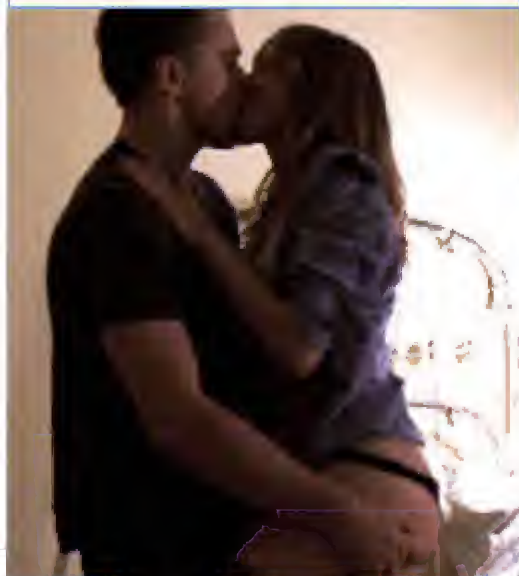

## VERA FARMIGA

**BORN:** August 6, 1973, New Jersey

**SEXY SIGHTINGS:** In *The Departed* (2006, this page column and top) Vera plays "good cock, bad cock," bedding Matt "dirty cop" Damon and Leo "undercover dick-tective" DiCaprio, who sank his rigid-rat *Down to the Bone* (2004, opposite page) of Vera's vag! She went ass out for her role in *Iron Jawed Angel* (2004, below left), about women's voting rights. She can help us all get erected!

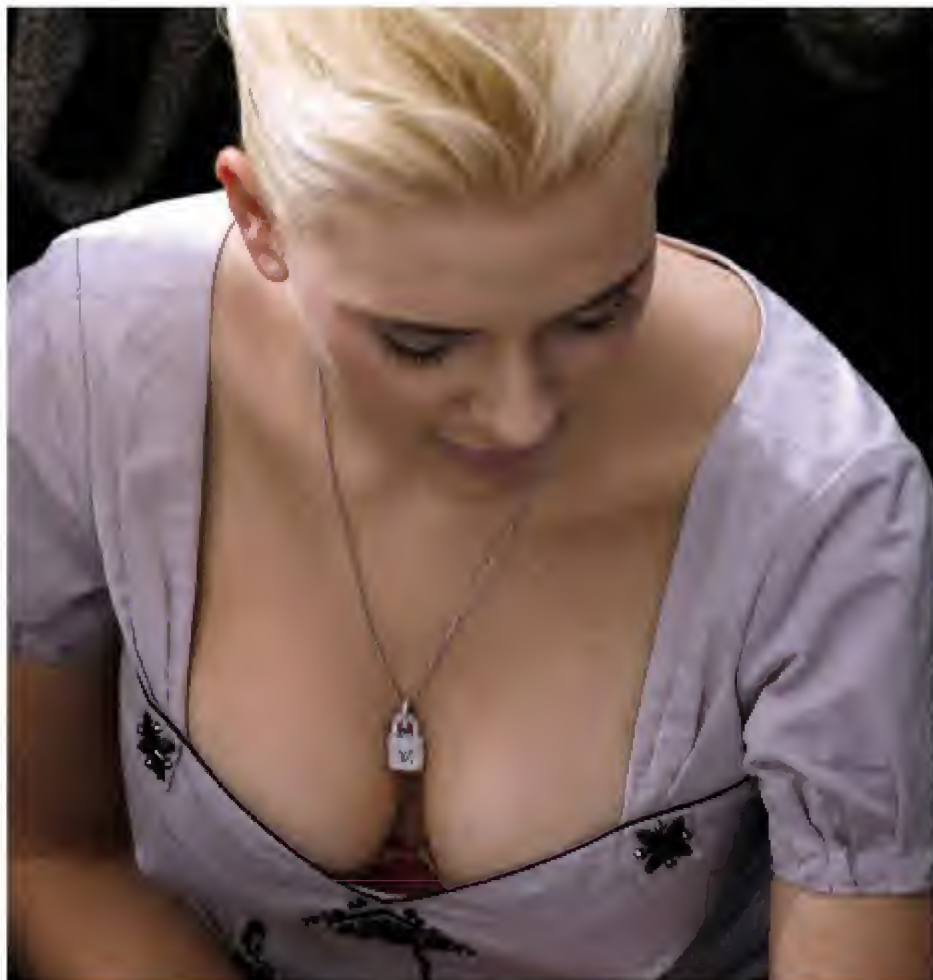

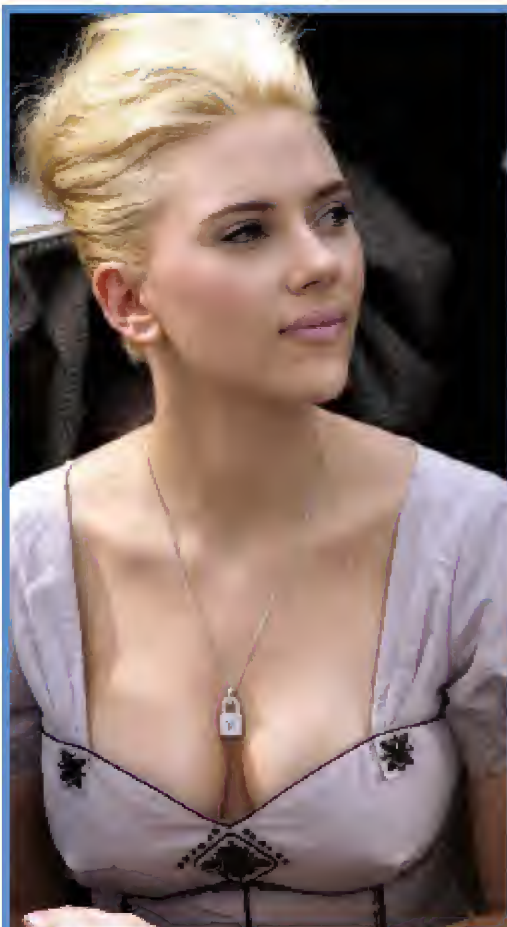

**VERA WANG:** Her crack-climbing thong in *Running Scared* (2006, opposite bottom right) might not be designer duds, but Farmiga's fertile vaginal-valley has our credit card hitting our De-part-ed's maxi-cum limit!

## SCARLETT JOHANSSON

**BORN:** November 22, 1984, New York, NY

**SEXY SIGHTINGS:** We'd all love have the key to open Scarlett's well padded-lock. We've been lost for words since that pink panty shot from *Lost In Translation* (2003, middle). Since then, she's in our cleavage dreams with a bounty of boobage in films like *A Love Song For Bobby Long* (2004, below) and poolside perks in *Scoop* (2006, bottom). We'll take two scoops with cream!

**BORN:** March 7, 1980, Watchung, NJ

**SEXY SIGHTINGS:** Prepon played the titular role in *Karla* (2006, spread), a film based on real events about a murderous couple. From reality television to the big screen to the peeping-tom twinkle of paparazzi, no one has a hold on the loads of men like Paris.

**HILTON HEAD:** No, we're not talking about some beach resort in South Carolina, we're talking about the act of Paris getting on her knees and showing us if she can slip her tongue as well as she slips those naughty nips!

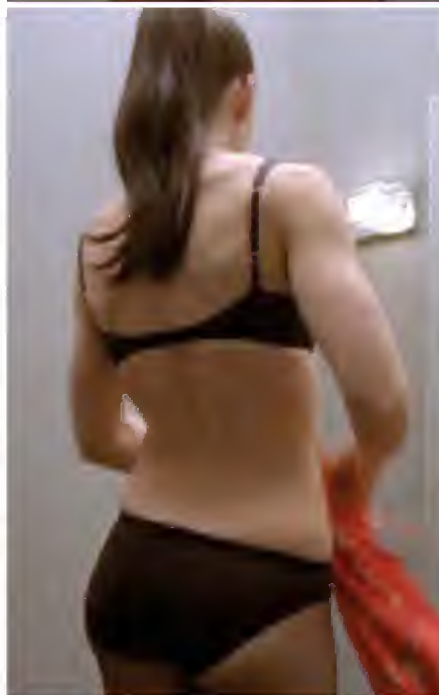

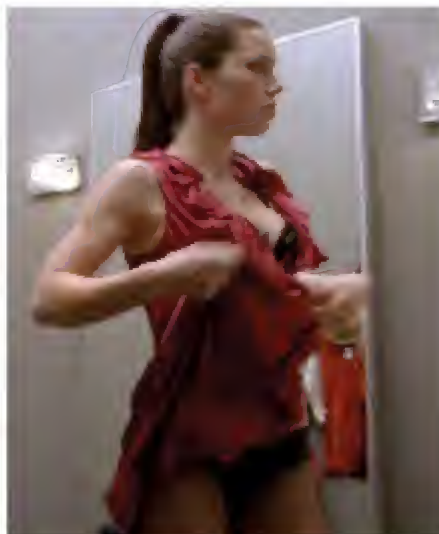

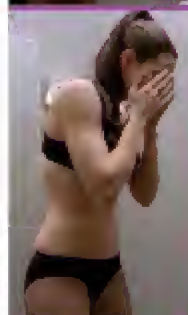

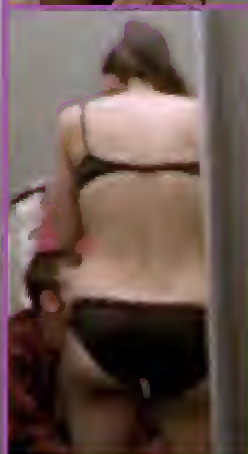

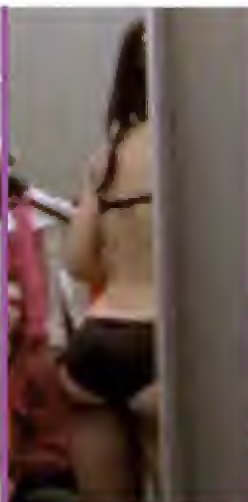

## JESSICA BIEL

**BORN:** March 3, 1982, Ely, MN

**SEXY SIGHTINGS:** When we saw *London* (2005, spread), we forgot France and went straight to Jessica's underpants! From some heavy petting to a little bathroom drama, Biel's body kept us on the edge of our seat throughout the entire film. Juicy Jess made sure the big hand was on our bulging Big Ben, as we were timed and primed for a glimpse of Jessica's *Fuck-ingham Palace*!

**BIEL OR NO BIEL:** You don't have to be Howie Mandell to spank your little banker to the thought of picking Jessica's slit-case. For those of you playing along at home, you already know that Jess deserves more than a low-ball number!

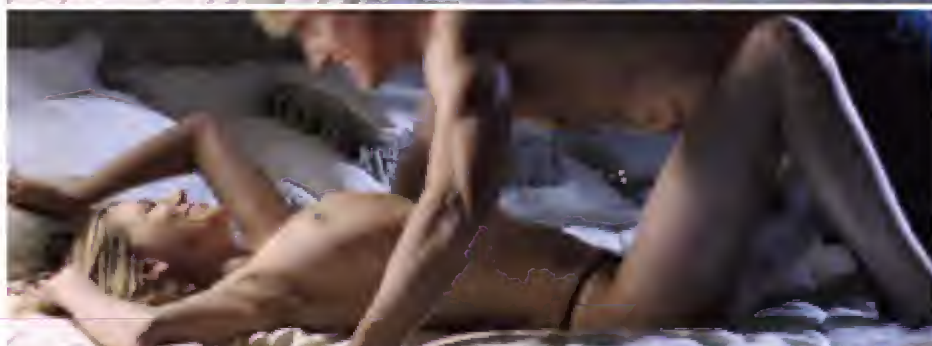

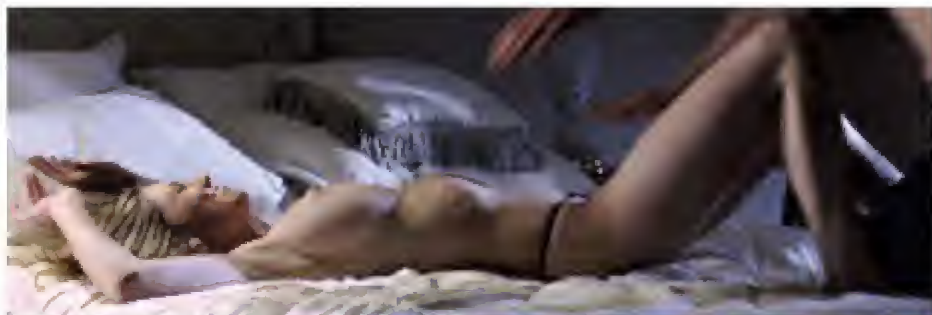

## DIORA BAIRD

**BORN:** April 6, 1983, Miami, FL

**SEXY SIGHTINGS:** Diora's determination to display her colossal cleavage has made her climb up the Hollywood ladder of lust a rapid one. Her big break came when Owen Wilson rang her busty *bedding* bells in *Wedding Crashers* (2005, this page right). **THE MAMM EVENT:** With every new role that Dora dares to take, we'll stake our penis-pension that we're going to get a glandular glance of her humongous upper-body knee-knockers. Think of all those whack-worthy mamm-ories!

## BRITNEY SPEARS

**BORN:** December 2, 1981, Kentwood, LA

**SEXY SIGHTINGS:** Britney quickly went from *Live in Las Vegas* (2001, this page and opposite left) sexbomb to toxically troubled trollop flashing her bald gash and hairless head all over the celeb rags. Oh, well, at least Brit's drapes now match her carpet! Even though she's rockin' the Uncle Fester look lately, we prefer to remember her as the pop tart we want to sprinkle with phallic frosting.

**SEX LUTHOR:** Though neither evil nor a genius, Brit shaved her dome ala Lex Luthor. K-Fed is no Superman, but his semen of steel was strong enough to penetrate Britney's furless fortress of slutitude and produce two Fed-Ex packages.

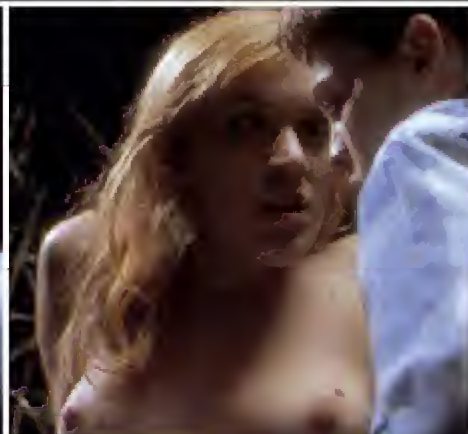

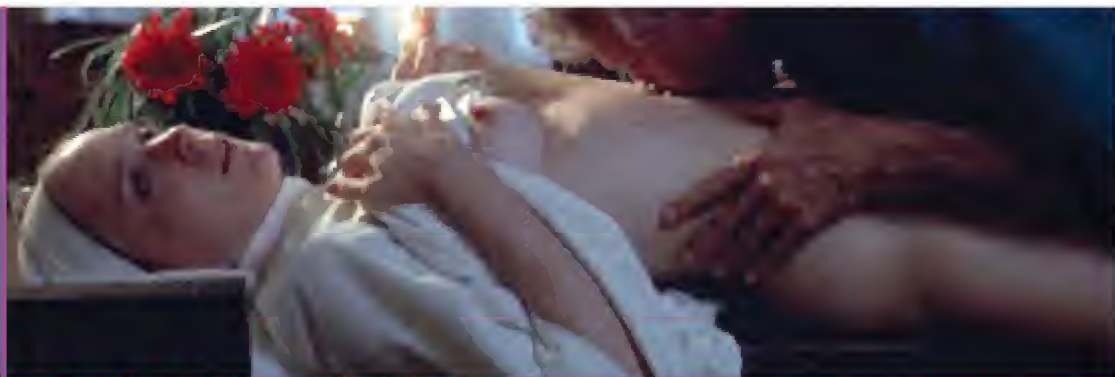

## CHLOË SEVIGNY

**BORN:** November 18, 1974, Darien, CT

**SEXY SIGHTINGS:** Everyone's favorite kinky Kid is no stranger to being a part of some of the most controversial films of the last decade. Before she was swallowing Vincent Gallo's erect-ego in *Brown Bunny* (2003), she was fodder for Hilary Swank's gender bending boning in *Boys Don't Cry* (1999, this page). It was one of Chloë's films that was a tear jerker the whole way through.

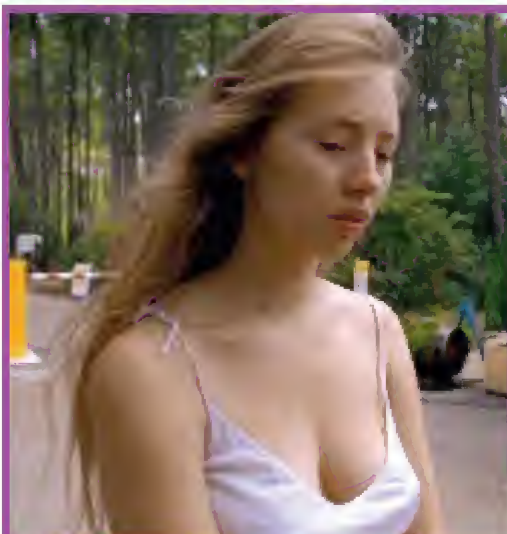

**JESUS JUNKIE:** Chloë really went all out in *3 Needles* (2005, this page) when she played a young nun who couldn't go without some hole-y tongue. She definitely had her cum-fessional box filled with a higher power!

Things might not turn out so well for her character in the end, but in the meantime, our cock needs some sun block!

**CUM-FISCATED P-ASS-PORT:** As soon as she entered Intern-ass-ional waters, our boner patrol determined that we'd have to seize her ass-ets until everything she had brought into the cunt-ry was fully examined. Looks like a strip-search!

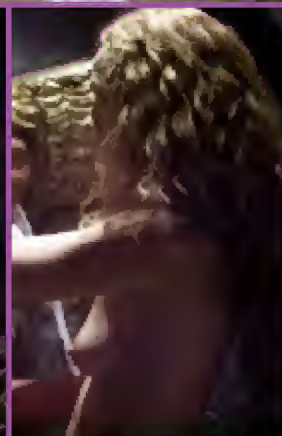

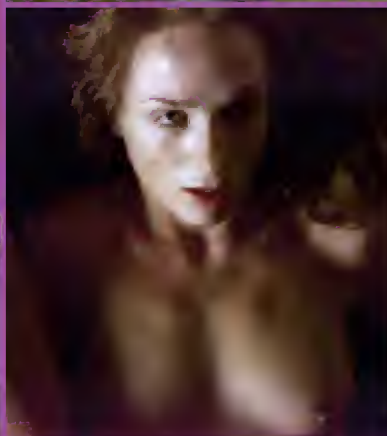

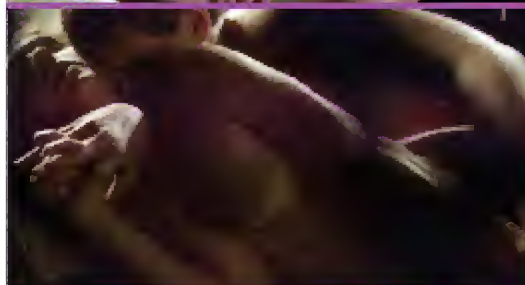

## KERRY CONDON

**BORN:** January 4, 1983, Tipperary, Ireland

**SEXY SIGHTINGS:** The very kinky Kerry sheds more than just her Irish accent to take on her role as Octavia of the Julii in HBO's gladiator-groping series *Rome: Season 1* (2005, this page and opposite top). Her hair color may have changed in *Season 2* (2006, opposite bottom), but she still shows off her juicy jugs, a dish best served with a side of our favorite *condon*-ment...Caesar's sauce!

**ALWAYS KERRY A CONDOM:** *There aren't many girls out there as gorgeous as Kerry, but there are plenty of babes worthy of a randy romp in the vomitorium. Our best advice is to do as the Romans did: don't forget sheath your sword!*

## JESSICA SIMPSON

**BORN:** July, 10, 1980, Abilene, TX

**SEXY SIGHTINGS:** Everything looked fine, or at least Jessica certainly did during Seasons 2 and 3 of *Newlyweds: Nick & Jessica* (2004-2005, spread), but soon Simpson gave Nick the slip and relaunched her staunch T&A back into the Hollywood dating pool. The idea that those Texas tits are free again has us all wet, making her this issue's honorary "Employee of the Mouth!"

**DIVORCE COURTING:** The entertainment world has been flooded with rumors of who has been slipping it into Simpson nowadays. While ex Lachey has seemed to settle down, Jessica is just starting to get her juices flowing!

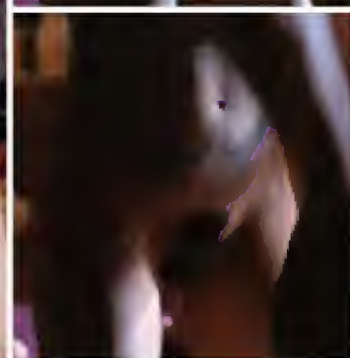

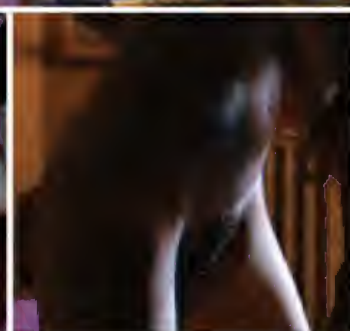

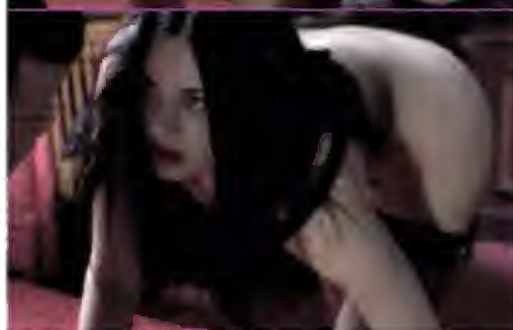

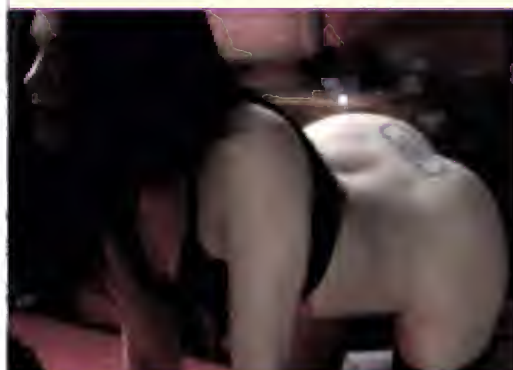

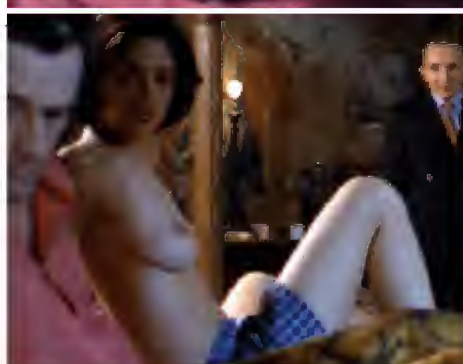

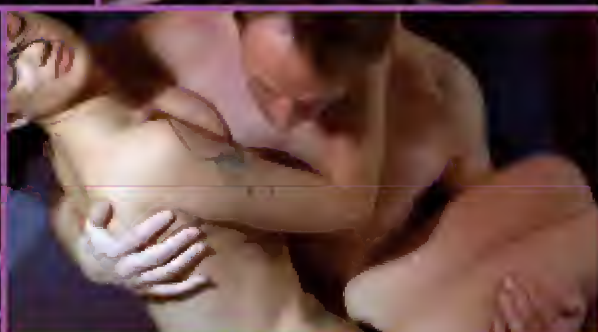

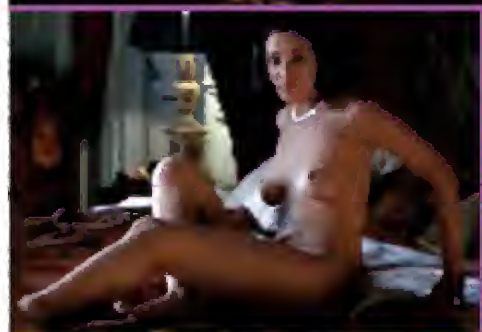

## ASIA ARGENTO

**BORN:** September 20, 1975, Rome, Italy

**SEXY SIGHTINGS:** There is a limitless lust factor that follows this young erotic auteur. *Love Bites* (2001, column and top) provides one of Argento's best booty shots, and if that's not enough to rocket your Roman candle, check out *B. Monkey* (1998, bottom and opposite page)—a film with so much Asia T&A, the inclusion of Jonathan Rhys Meyers couldn't even ruin the randy ride!

**ORGAN GRINDER:** With such a rousing and rampant feast of Argento flesh, we know the B in B. Monkey stands for boner! Asia might not be monkeying around, but we're gonna brandish our hand-banana anyway, just in case she bites!

## TRISHELLE CANNATELLA

**BORN:** November 4, 1979, Cut Off, LA

**SEXY SIGHTINGS:** Already a veteran vixen of the reality television world, Trishelle made our real-world fantasies brighter as she headed for the big screen baring her double-barreled dukes in *The Dukes of Hazzard: The Beginning* (2007, spread). With the revealing of Cannatella's Hazzard County cans, you're guaran-tit-ee'd that this *beginning* will leave your *poon-shiner* with a happy ending!

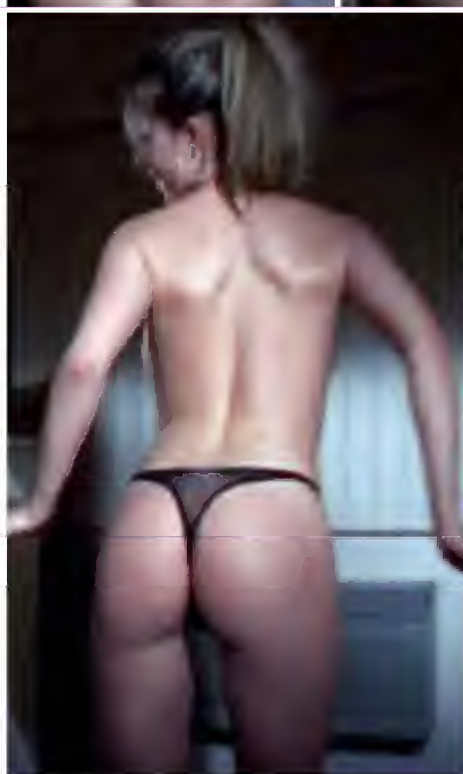

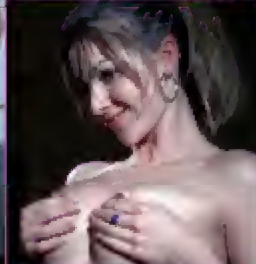

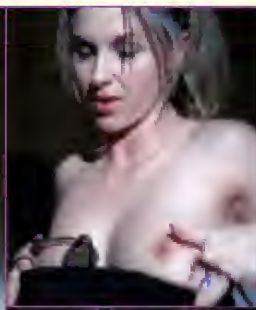

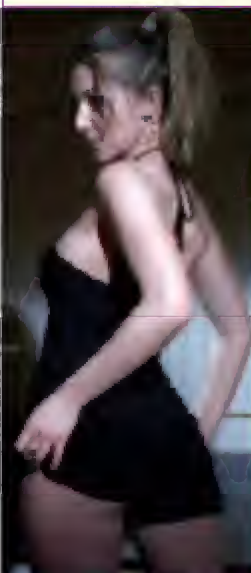

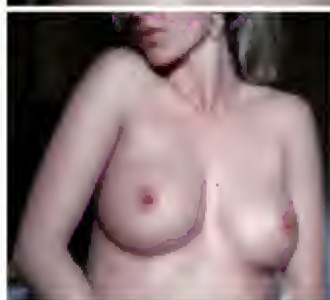

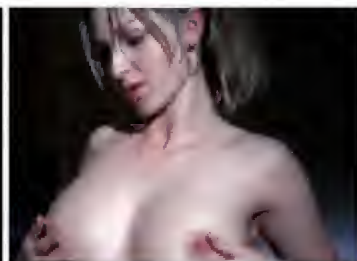

**HIGH ON THE HOG:** Were pretty sure that Trishelle's heaving hams gave Willie Nelson reason enough to reprise his role as Uncle Jessie. That tanned two-some will give your wet-willie the munchies for more of Cannatella's rack food!

## CHRISTINA HOLSINGER

**SEXY SIGHTINGS:** Christina, who prior to her debut in *Murder-Set-Pieces* (2004, spread)—a bloody slasher flick that is worth watching for the rousing reason of enjoying Holsinger's sizeable set of perky pieces—was a professional dancer on the *pole* circuit. In a film that stars the always sexy Cerina Vincent, Christina holds her own, which will lead you to a night of holding your own pole and polishing it off to those murderous mams and and ass to die for!

**SEXY SIGHTINGS:** They weren't kidding when they stamped the tagline onto *Peach: The Ultimate Collection Two* (2005, spread) as *Best of the Best*. One look at the super-sexy Sandee and her super-sized suck-sacks and you can see why this model turned porno princess is one of the best ways to test your manhandling stamina. Sandee prefers the backseat to show off her ripe peach-meat and also gives us the pleasure of showing us just how willing she is to spread the love!

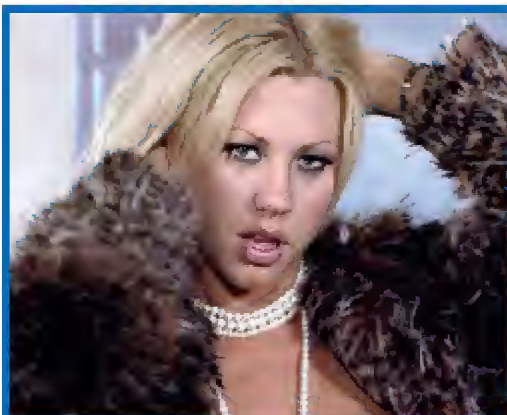

**FRUIT OF THE POON:** It seems that Sandee's shoreline attracts quite a crowd. She has to hold on tight to those perky peaches when the tongue-tide of another horny-honey cums rushing in to taste just how ripe her phallic fruit is!

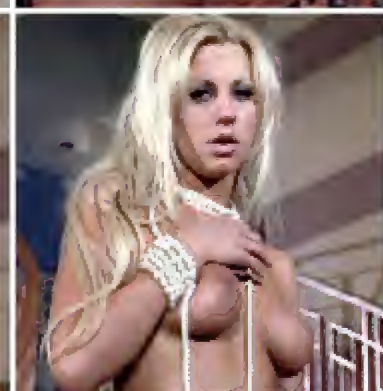

## TANYA JAMES

**BORN:** October 27, 1983, Riverside, CA

**SEXY SIGHTINGS:** This model might like to wear the occasional fur coat to keep those perky peaks warm, but for those of you who like a barren beaver, there's no mink hiding Tanya's pink. In *Peach: The Ultimate Collection Two* (2005, spread), she shows us that the best design in women's wear lies beneath the underwear. There's not an article of clothing that's capable of taming James!

**THE FUTURE MRS. HOLLIS JAMES?:** She's already got the last name and although our Editor-In-Chief is a picky man, he found no fault with Tanya's tit-bits and ample ass-cleavage. Sure, a hot bod is nice to edit, but it's far better to bed it!

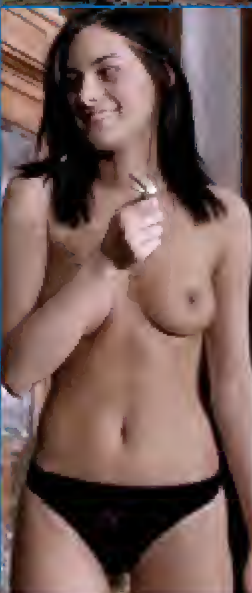

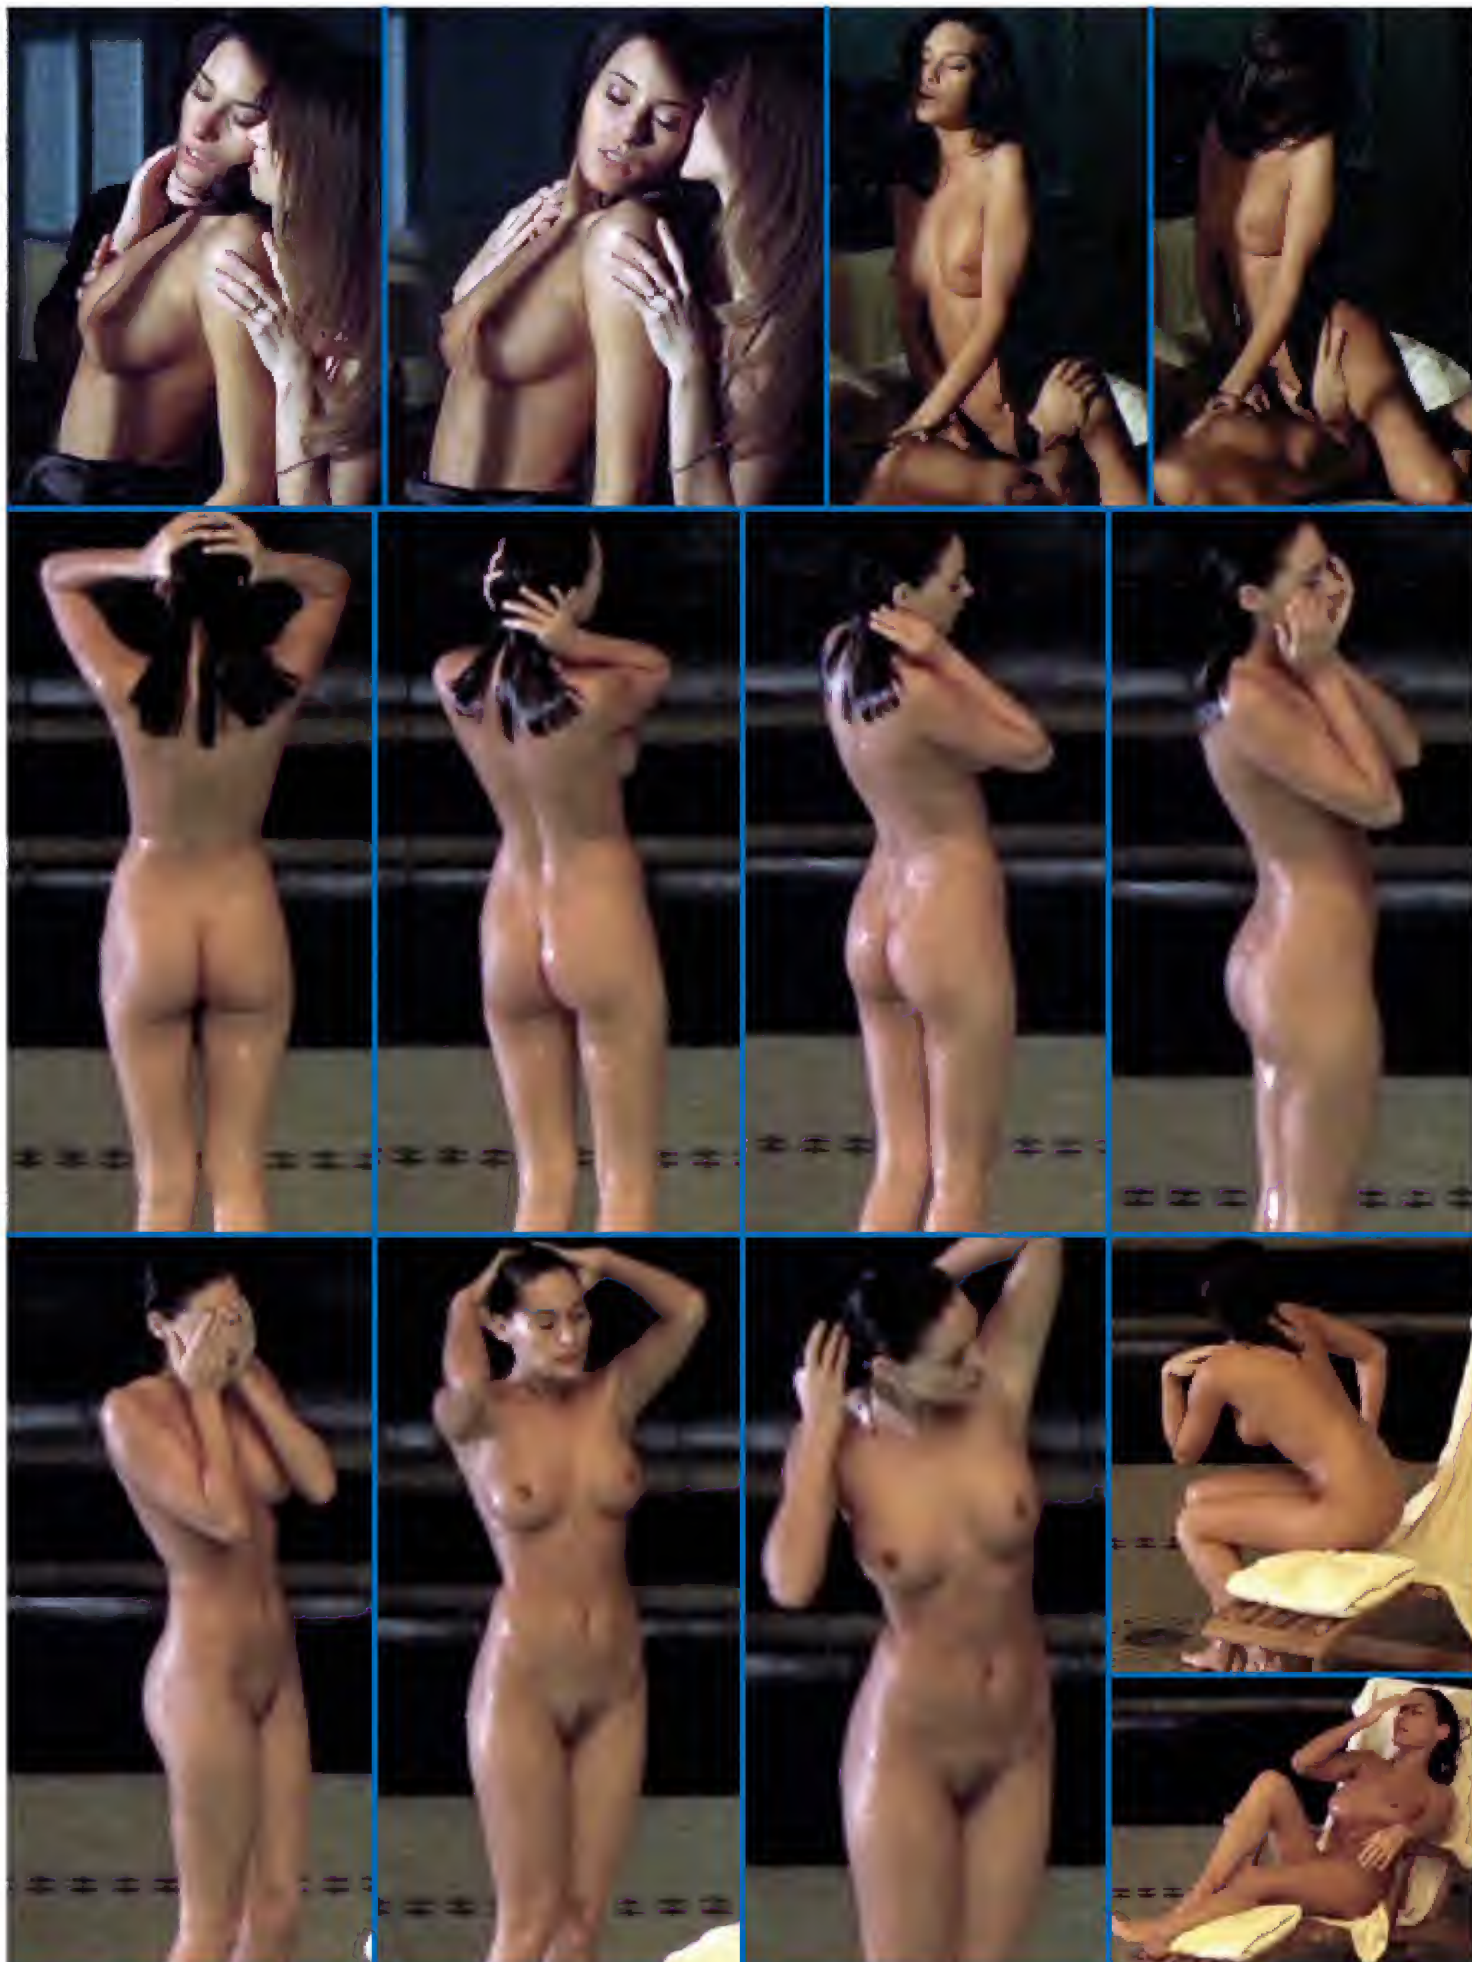

## ZITA GÖRÖG

**BORN:** September 27, 1979, Hungary

**SEXY SIGHTINGS:** This Hungarian model has been whetting the appetites of men all over the world. We've been pining to pop this Zita since she strutted her runway-rack into a *Den of Lions* (2003, this page). That would be an appe-teaser to her moist main course of captivating nudity in *8mm 2* (2005, opposite page), a film that will feel like an all-you-can-eat buffet of model teat-meat!

**PUTTING THE T&A IN ZITA!:** Ms. Görög's full-frontal fashion bellies just the kind of exotic character that we love to mischievously mount here at SKIN. With a pair of umlauts like hers, Zita's fame will grow as quickly as our hard-on!

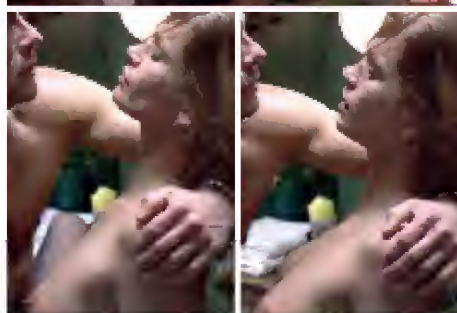

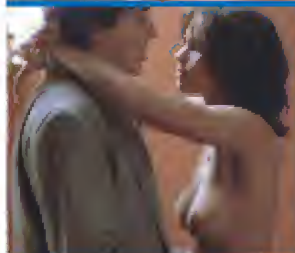

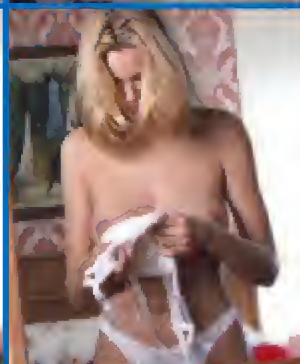

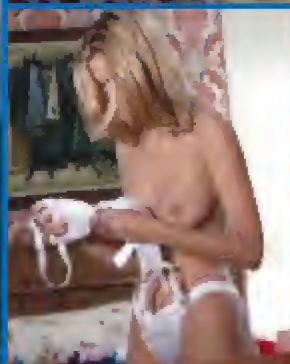

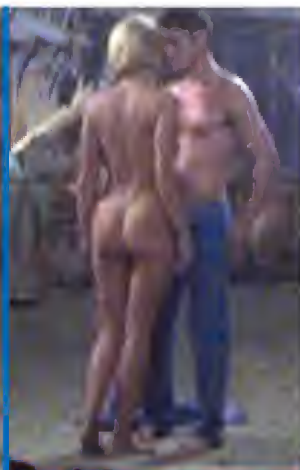

## NATASHA HENSTRIDGE

**BORN:** August 15, 1975, Canada

**SEXY SIGHTINGS:** The only *Maximum Risk* (1996, this page) the director took in casting the nubile Natasha was trying to keep her clothed. She sheds and beds her way until you maxi-cum! But, we'll always know her as the sperm-yearning *Species* (1995, opposite bottom), the movie that had every man ready to invade her evolutionary *labia*! Forget DNA, we're talking T&A!

**HENST-RIDGED:** In the sexy sequel *Species II* (1998, this page top), Natasha's A-list allen is horny for reproduction, and goes hunting for a willing mate to insert his massive Mars bar deep inside her Mound of Venus until it goes sputnik!

Wesley's character is named Lucky (*Hard Lucky?*), and there's no arguing that he's aptly named once he nails this cutie with a bodacious booty. This ghetto-fab goddess is far from a Kennedy, but she will still have you screaming, "Jackie, Oh!"

**FREEDOMHAND:** Jackie had a brief appearance in the Samuel L. Jackson flick *Freedomland* (2006), which we applaud with our one free hand! When this frisky freedom-rider reveals her rack, no one's freak flag is at half-mast!
